

VISITOR PROTOCOL FOR CORONA VIRUS “Covid – 19”

Dear Customer,

Comtec is boldly committed to establishing a better world through health and wellness and we do the utmost for our customers, suppliers, employees and other partners to help them live healthier and happier lives. In order to reduce the potential risk of Coronavirus infection, we have rolled out various protocols across our business to address that risk.

It is acknowledged that by permitting access by our engineer on to your site that to the best of your knowledge you will not be exposing them to the risk of Coronavirus. The risk can be defined as an employee, servant and/or agent of yours who either knowingly has the Coronavirus or has been in close contact with person (s) who have.

Whilst our engineer is on site you will take the appropriate measures to ensure they have sufficient working space and the recommended 2 metre distance from others is observed.

Thank you for your partnership and collaboration.

Data Protection

This information is processed for reasons of public interest in the area of public health, in order to protect against the serious cross-border threats to health posed by the Covid – 19 Coronavirus.
